“ Andrew worked with me at Naaco, then known as Hyster. he was a great guy, always worked hard. He never caused any trouble, and was quick to help any one. I never heard him speak a harsh word against anyone. He was a friend to all. I am sorry for you loss.

“ I have some wonderful memories of my dad. I was not given the choice as a child to spend a lot of time with him but the time I have had with him was wonderful. When I was a little girl I used to run through the house as soon as he would be coming up the driveway from work, and bust through the screen door and straight into his arms. I also used to go down the hill to where his garage was when I was in diapers to try and be with him while he worked in his welding garage. I am going to miss him a lot. at least I have my memories and photos.
